|  | Upper opening with zip        |   |                        |

## Two are better than one

This isothermal bag has been designed to hold up to two baby bottles and keep the temperature for both of them. This way parents can avoid carrying more bulk than needed. Especially designed for twins.

## Helps maintain the temperature

Thanks to its lining of insulation, the double thermibag helps conserve foods at the ideal temperature.

## Multiple uses in the same bag

It has an internal separation to prevent the rub between the two baby bottles or thermos and increase the isolation. In addition, the separator is removable, creating a wider compartment for bottles and other larger containers.

## Bottles and accessories well protected

Made with highly durable materials to protect the bottles and keep them in suitable conditions, as well as keep the hygiene of the accessories.

## To take anywhere

The perfect size to carry anywhere. Perfect for travelling or for leaving your baby with someone else. Furthermore, the bag has a handle so that you can hang it to the pram with total comfort.
