miniland

With this catalog of **eco-friendly** baby products and toys, **Miniland** invites you to take care of your little ones and our environment in a responsible and safe way.

We do it with the commitment of accompanying parents and children **from birth to 6 years** old, in a journey for a more **sustainable future**.

Because we have the vision of building a **better world** for our communities of families and educators, a world in which **future generations** will be able to reach and convert to reality their most aspiring **dreams**.

Taking care of little ones and taking care of our planet

The future is green

At Miniland we believe the world is a better place when we experience how our little ones grow as a collective journey. We are here to awaken, teach and connect the vast talent and potential of parents, kids and educators, striving together toward a shared world.

To **take care of our world**, we have started a path of responsibility in different corporative projects to improve our impact on **people**, on our **society**, and on our **planet** which includes the development of **new baby products and toys**, as the present eco-friendly collection.

Our eco-friendly products are **durable** and made by **bio-based materials** such as natural fibers, organic cotton or even wood. Through our **eco-friendly** collection you will be able to transmit to the little ones the respect for the **environment** from their first stages with our baby products to their early childhood with our toys.

Because the future is green and we want to help to build a better one. **Will you join us?**

miniland

An eco-friendly collection for a better world

Miniland's line of baby products is designed for parents who are looking for functional products, but with the **least environmental impact** possible. This new generation of parents enjoys the benefits of a more **natural upbringing**, encouraging a conscious and environmental behavior.

Our new line of eco-friendly feeding, includes products made with organic and natural materials such as **bamboo**, **rice fibers** and 100% **organic cotton**. It also includes inspired by nature insulated bottles and containers, made of steel, which can be **reused** in hundreds of special occasions with the babies and are ideal for the **natural preservation** of baby's food.

naturmeal chip

Ecofriendly bamboo tableware

UPC 8413082892647

Fun for the little ones!

Full tableware set with happy patterns to make the meal a time of fun. The smallest children will love having their own plate, bowl, and mug to eat, just like the grown-ups.

The most complete tableware set

The set of five pieces is made up of a flat plate for solid food; a bowl, ideal for baby food; a spoon and fork just the right size for a baby's first meals, and a learning mug with comfortable handles, straw, and anti-drip sealing system.

To learn to eat alone

Thanks to its small size, naturmeal fork and spoon help the little ones to learn eating independently. Moreover, the learning cup is the perfect choice for the first baby sips because its light side handles make it very comfortable and easy to grip by the hands of the little ones.

Natural materials

Manufactured with bamboo fibers, a very hard-wearing and light natural material, in order to teach little ones the importance of looking after the environment and respecting the world in which they are going to live.

Dishwasher safe

All the pieces included in this set can be washed in the dishwasher with ease.

natur picneat

Set of eco-friendly bibs and cutlery for picnic meals

89316 UPC 8413082893163 / 89317 UPC 8413082893170

Anytime enjoyment

Perfect for enjoying a meal anywhere, this eco-friendly set includes a spoon and fork of natural wood and an organic cotton bib to wrap them in, all made of organic materials. Let's look after the little ones – let's look after the planet!

Design inspired by nature

Both the bib and the cutlery set, made from natural materials, are decorated with animals, to learn to eat and respect their world in a fun way.

100% organic cotton

The bibs is made of 100% organic cotton, very soft on your baby's skin. Practical and functional, it includes an inner pocket, while the press-seal lets you carry the folded kit anywhere, to occupy the least space possible.

Sustainable and environmentally friendly cutlery

Of 100% organic, biodegradable material, they are suitable for dishwashers and are decorated with animals so that meal times are fun times.

Smooth edges and an ergonomic handle

They help the little one grip both the spoon and the fork, which makes the kit perfect for small hands, helping them learn to eat independently.

baby haircare

Set of chip and bunny soft brush, comb and massage brush

89338 UPC 8413082893385 / 89339 UPC 8413082893392

They care for your baby and the planet

This set of brushes and comb are made of 100% natural wood and other components to delicately care for your baby without tugging. They are anti-static, do not break the hair and furthermore respect the environment.

Soft brush for newborn babies

This brush of natural, extra-soft bristles is especially designed for newborn babies, since not only does it comb but also caresses their scalp, creating a pleasant sensation.

Bristle brush to stimulate hair growth

For larger babies, this wooden bristle brush encourages hair growth, stimulating circulation through the brushing while it massages.

Comfy, functional carry bag

Made from 100% organic cotton, this eco-friendly bag is so convenient to always have at hand, organized and protected, as well as practical for days when you travel.

Toys for a more sustainable world

We are placing our grain of sand in developing **eco-friendly** toys that are more respectful of our environment.

Little ones will learn the importance of **taking care of the planet** we live in while having fun while playing!

Miniland's eco-friendly toys contain **natural materials** such as **vegetable-originated fibers** reducing their environmental footprint and not jeopardizing the toy's quality and overall properties.

The toys continue to be highly **resilient** and **durable** which allow them to be used for a longer periods of time and therefore also contributing to a more **sustainable** and responsible use.

Sensory Balls

Set of 6 natural rubber sensory balls

UPC 8413082973148

Figuring out how the world works!

This toy helps early development of a child's skills by developing eye-hand coordination and sensory stimulation.

Sensory stimulation

Their different colors and textures enhance sensory stimulation - both tactile and visual - and contribute to the development of children's motor skills.

Natural rubber

As they are made of natural rubber, a very soft material, they are very easy to grip and suitable for handling and biting by infants.
