MEDITERRANEAN FEEDING COLLECTION | 2020

US selection

miniland

Miniland, the brand that connects the talent of parents, educators and children in early childhood, present you its new baby products collection.

In this catalogue you will find our products for feeding babies collection inspired by the Mediterranean Sea, and designed in Europe, that has everything you need to spend a day out with the little ones in a safe way.

Let's relax and enjoy the Mediterranean way of life!

Mediterranean Collection

Reflecting the true Mediterranean spirit

The **Mediterranean Sea** and its colors inspire this new **Miniland feeding collection** – which invites you to enjoy a relaxed way of life and to go out to breathe fresh air with your family.

A joyful and safe feeding collection that reflects the true Mediterranean spirit, **helping Mom and Dad have fun** with their little ones, with no worries.

The Mediterranean Miniland Feeding Collection includes **thermal insulated containers** for liquids and solids that keep their temperature for many hours to preserve its content. Matching **isothermal bags** will help you carry the containers to your destination, wherever you decide to spend the day out. In your picnic or day at the beach, you cannot miss our anatomic **cutlery** that evolves as your baby grows. And accessories like Mediterranean **pacifier case**, lets you have everything essential on hand and ready to use when needed.

Are you ready?

89350 12 oz

89351 17 oz

Maintains the temperature of liquids for more than 24 hours.

The Miniland insulated bottles are highly resistant and effective thanks to their dual steel wall with an exclusive aluminum layer, their vacuum chamber and the double-cap system.

Fun exterior design

Endowed with attractive colours, a fun design and soft to the touch with a rubbery exterior.

Materials endowed with exceptional quality

Made from 18/8 steel (304 steel) which has very low thermal conductivity and very good resistance to high temperatures, being the most appropriate material for food storage.

Easy pouring system

Parents will not spill a drop of the content thanks to their easy pouring and 'click on, click off' locking systems that allows to open and close the insulated bottles with a single finger and without the need of unscrewing the internal plug.

The baby's meals always ready

Parents can prepare the baby's food at home and take it anywhere, maintaining the desired temperature for many hours.

Detachable and easy to clean

Both the insulated bottles cap, which can be used as a glass, and the valve are unscrewable, facilitating the cleaning of all components.

Bisphenol A free

100% BPA-free.

insulated container with case

20 oz insulated container for solid food in rubbery finish

UPC 8413082893521

For all types of solid food

Ideal for the first mushes to all kinds of solid food.

Materials endowed with exceptional quality. The best on the market!

Endowed with double steel wall and an exclusive aluminium layer. Made from 18/8 steel (304 steel), which has very low thermal conductivity and very good resistance to high temperatures. The most suitable for food storage.

To take everywhere

This 20 oz insulated container has the perfect size to take it anywhere. The neoprene bag is fitted with a velcro seal handle which allows it to be conveniently hung on the stroller. In addition, it insulates from atmospheric temperature changes, better maintaining the temperature of hot or cold foods for more than 12 hours. Ensures greater safety and hygiene when transporting food thanks to its sealing with a double-cap seal.

Feeding from the same recipient

With a large capacity (20 oz), it is very suitable for feeding the baby directly without needing to pour the content into a dish or plate.

Easy opening

The lid of of this insulated container includes a button to release the pressure inside of it, making its opening much easier and more comfortable.

Bisphenol A free

100% BPA-free.

89349

thermetic container with case

24 oz Insulated container with additional containers

UPC 8413082893491

For all types of food

Ideal from the very first mush to solid foods, different foods can be kept in each of its two containers of 12 oz and 7 oz of capacity. Thermetic has a total capacity of 24 oz.

Neoprene case

The neoprene case insulates the insulated container from atmospheric temperature changes, better maintaining the temperature of hot or cold food.

To take everywhere

It has the ideal size to take it anywhere. Perfect for trips or for leaving the baby with someone else.

Materials endowed with exceptional quality

The interior of the insulated container is made of 18/8 steel (304 steel), the most suitable for food conservation.

Feeding from the containers

They are very suitable for feeding the baby directly without needing to pour the content into a dish or plate.

Parents can heat the food up in the microwave

Thermetic maintains food temperature for several hours. However, if parents want, the baby's food can be heated up in the recipients.

Bisphenol A free

100% BPA-free.

thermibag

Practical isothermal bag for insulated bottles

89332 UPC 8413082893323 / 89331 UPC 8413082893316

Helps maintain the temperature

An extra layer of insulation for the bottles, protecting them from changes in ambient temperature and helping maintain the temperature of drinks.

A cheerful touch for liquid containers of all sizes

The isothermal bags have been specially designed for insulated bottles of 12 oz and 17 oz respectively. They are ideal for use in conjunction with Miniland's insulated bottles.

Durable materials for greater protection

Made with highly durable materials that improve the conservation of the insulated bottles against abrasion and protects them against bumps and scratches.

To take anywhere

Parents will be able to choose the size which best fits each insulated bottle to carry it anywhere.

Perfect for travelling or for leaving the baby with someone else. Furthermore, the bag has a handle to hang it to the stroller with total comfort.

Upper opening with zip

You can use the insulated bottles comfortably with the zip opening at the top of the isothermal bag without needing to take it out.

89330

thermibag double

Double isothermal bag for baby bottles and vacuum flasks

UPC 8413082893309

Two are better than one

This isothermal bag has been designed to hold up to two baby bottles and keep the temperature for both of them. This way parents can avoid carrying more bulk than needed. Especially designed for twins.

Helps maintain the temperature

Thanks to its lining of insulation, the double thermibag helps conserve foods at the ideal temperature.

Multiple uses in the same bag

It has an internal separation to prevent the rub between the two baby bottles and increases the isolation. In addition, the separator is removable, creating a wider compartment for bottles and other larger containers.

Bottles and accessories well protected

Made with highly durable materials to protect the bottles and keep them in suitable conditions, as well as keep the hygiene of the accessories.

To take anywhere

The perfect size to carry anywhere. Perfect for travelling or for leaving your baby with someone else. Furthermore, the bag has a handle so that you can hang it to the stroller with total comfort.

89359

pack-2-go hermisized

Practical isothermal bag with 2 graduated airtight containers

UPC 8413082893590

In the countryside, at the beach or in the park

It is the perfect size to take it anywhere. In addition, the bag can be conveniently handled or hung from the stroller, and will help to maintain the food temperature.

Made in Spain with exceptional quality

Two graduated airtight containers of 8 oz of capacity, made in Spain from highly resistant materials.

For all types of solid or liquid food

Ideal for the first mushes and all kinds of solid foods, from aperitifs and snacks to desserts.

Well suited to other liquid foods such as broths, purees or natural juices.

Conserving breast milk

Very suitable for storing breast milk, either to be drunk on the same day or for storing for longer in the freezer.

Frozen food with every guarantee

The baby's food is stored in the freezer and can be unfrozen or heated up in the baby bottle warmer or microwave in the hermetic container itself.

Accurately controls the baby's meals

The measurements on the container allow the baby's meals to be adapted to the baby's needs.

Easy to clean

The bag is impermeable so it doesn't absorb stains and can be cleaned with a damp cloth. The hermetic containers are suitable for the dishwasher.
